

North and East Melton Mowbray Distributor Road

A607 Closure Notification Update

October 2024

Dear Neighbour,

We contacted you last month to provide you with advanced notice and details of the planned A607 closure that was scheduled for later this month.

Unfortunately, due to unforeseen circumstances, 3rd party off-site utilities works necessary for the closure have not been completed. As a result, our planned work cannot proceed and therefore the closure will now be rescheduled to take place at a later date. It is expected that this will be during spring/summer 2025. We will of course write to you again and confirm the dates and arrangements nearer the time.

We apologise for any inconvenience that may have been caused due to the closure not going ahead as planned.

Further information including project design drawings and traffic management diversion plans are available on the project website as per the link. www.leicestershire.gov.uk/nemmdr

If you would like specific information including diversion routes and what additional measures we have in place once you have logged in please look at the forthcoming road closure section for details.

Should you have any construction related queries please feel free to contact me by telephoning 07918 640481 or emailing me at gino.salvatore@gallifordtry.co.uk

Yours faithfully

Gino Salvatore
